

Acquired Brain Injury (ABI) Waiver Service Providers Wanted

On behalf of MassHealth and the Massachusetts Rehabilitation Commission, the University of Massachusetts Medical School, Acquired Brain Injury Unit is recruiting service providers to work with individuals with acquired brain injuries who live in the community.

Some of the services these individuals need are:

- Adult Companion
- Individual Support & Community Habilitation
- Out of Home Respite
- Chore Services
- Occupational Therapy
- Specialized Medical Equipment
- Community-based Substance Abuse Treatment
- Personal Care
- Speech Therapy
- Day Services
- Physical Therapy
- Transportation
- Homemaker
- Supported Employment

UMass Medical School cordially invites you to attend one of the below ABI Waiver Service Provider Technical Assistance Sessions. The sessions will provide you with an overview of the ABI Waivers and services offered, as well as an in-depth review of the application forms and submission requirements/process.

Please RSVP at least two days before the session.
